CAUGHT IN FOG YESTERDAY

The Mayflower Was Obliged to Anchor in Shoal off Maine Coast-Visited Rockland This Morn-

Rockland, Me., July 26.-President Tast and his yachting party spent yes terday in and about Penobscot bay. The Mayflower had an adventuresome run through a dense fog off the Maine coast Sunday night, which kept Commander Logan on the bridge until anchors finally were dropped on a shoul outside the entrance to the bay yesterday morning, after groping her way ton 2; Washington 5, Chicago 1. blrough the fog, which shut in suddenly about 11 o'clock Sunday night. The

Mayflower tried to make out the Penubseet lights, but failed. She slipped i as close as safety would permit and then Commander Logan, deciding to take no further chances, turned directly around and ran for the open sea, fog signale sounding. With the approach of dawn, the fog gave evidence of lifting and the Mayflower headed in. On approaching the bay, however, the fog appeared thicker

Leaving here at noon to-day, the Mayflower will head directly for Casco bay and will craise in those waters during the Inte afternoon and evening. Mr. Taft thought for a time of visiting Portland, informally, but he now has decided definitely not to go ashore there at all. He probably will visit Portland late in August, when the monument to Thomas B. Reed is unveiled.

It was announced yesterday from the Mayflower that President Hadley of Yale has not determined whether he will accept the appointment tendered him by President Taft as chairman of the commission authorized by Congress to investigate the subject and report some method by which the Issue of railroad securities in the future may be brought under the supervision of the interstate commerce commission.
